------	--

---

## Game Loop

### Loop Progression

- Each level, have certain colors as goal requirements. (Ex. Orange 5, Purple 4)
  - Combine primary colors to make the intermediary colors on the board.
  - Run out of space and you lose.
  - Further obstacles are introduced later to make the simple loop more complicated.
- 

## Progression & Upgrades

**Type:** level based

**Description:**

Each level has its own goal requirements, later levels become more difficult and

introduce more obstacles and tougher goals.
